

Info.

Miles Worner is a British-Swiss artist based in the Netherlands. He works from the ground, where he delves into the workings of the collective psyche. In defiance of hegemonies, his artistic responses intervene with a mischievous touch - throwing questions towards those rigid notions of truth. His recent works have been threaded by a fascination for legending as democratic dialogue.

He graduated Cum Laude from the Design Academy Eindhoven in 2021. He can be seen with or without a Duck on his head.
